Risk Assessment

Score: 95/100 **Level: High** **Savings: \$0**

Impact Summary

Findings Identified: 2
Critical Findings: 1
Overall Risk Level: High
Potential Financial Exposure: Not Quantifiable From the Document
Verified Questionable Charges: No dollar amount identified
Estimated Savings: Not calculated

Several findings involve contract terms, pricing flexibility, or potential future charges rather than currently billed amounts. These risks may create financial exposure, but the document does not provide enough information to calculate a reliable dollar value.
